

## (S) SLIDING

Sliding systems are great for bathrooms, bedrooms, offices, pantries, closets and areas where narrow hallways restrict swing door movement. Each door uses a small surface mounted floor guide to help align and stabilize the door. Optional brackets & fascia available for wall mounting our standard track. Standard door overlaps opening 1/2" at the sides.

### Standard opening widths

System	Opening Widths *
S1	30", 35", 40", 45"
S2S	61", 71", 81", 91"

\* Opening widths listed are from finished wall to finished wall.

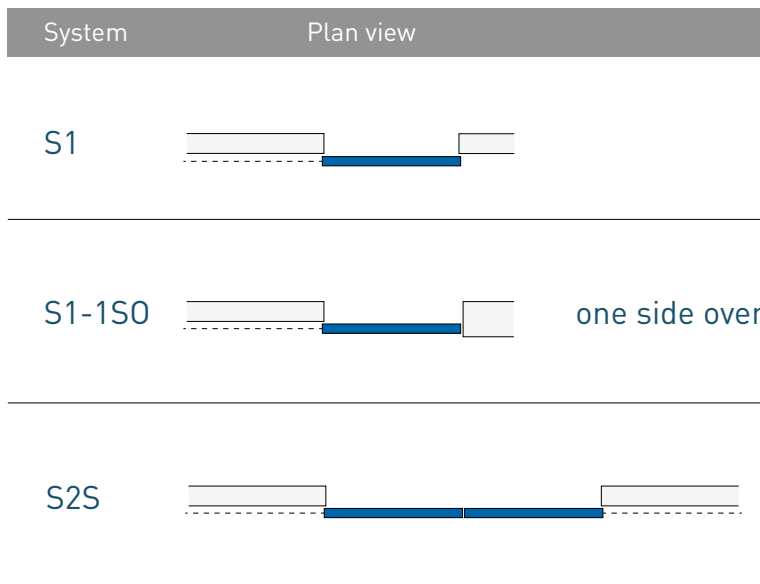

### Standard heights

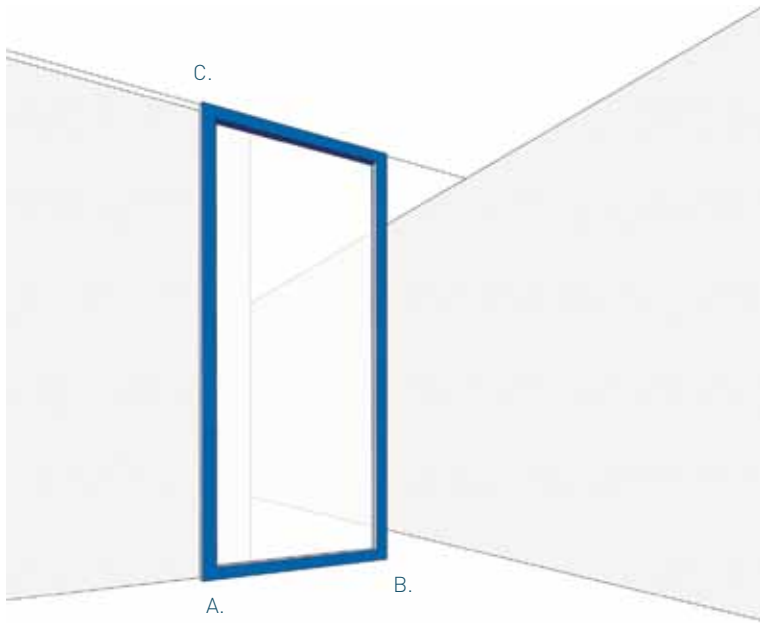

Track	Opening Height *
Standard	82-3/4", 94-3/4", 106-3/4", 118-3/4"
Low Profile	82", 94", 106", 118"

\* Opening heights are from finished floor to top of leveled track.

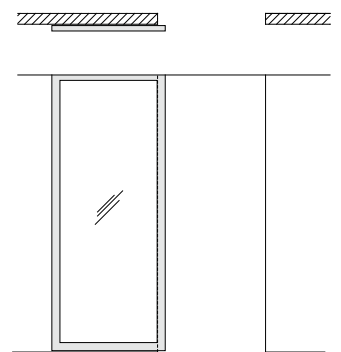

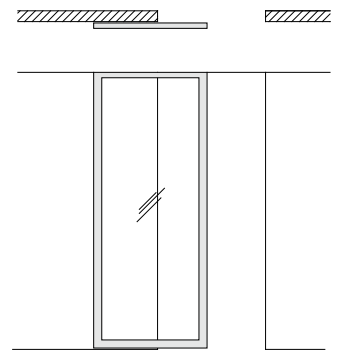

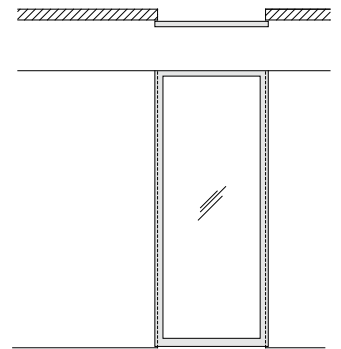

### Panel models

225, 175, 175F

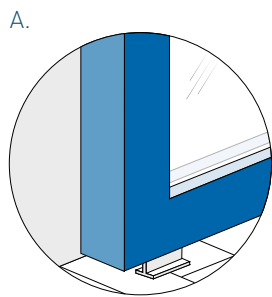

Operation Overview

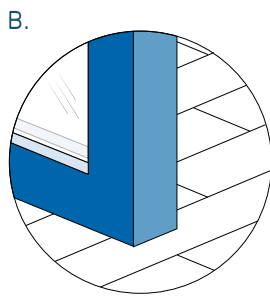

Features

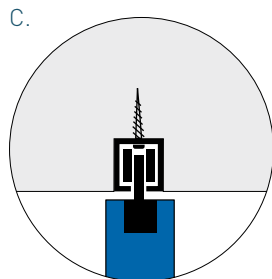

Grey Floor Guide

Keeps the system aligned along the wall during operation.

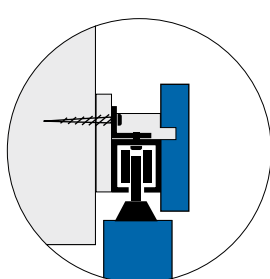

No floor track required

Overhead tracks and the floor guide allows the door to slide across the opening easily and without the need for floor tracks.

Ceiling Mount, flush.

Ideal with the low profile track upgrade. installation requires more ceiling or soffit preparation.

Wall Mount w/ Fascia.

Simplest to install. Works with Standard track. Low profile track includes a clip on fascia for wall mounts.
